EDUCATION

BACHELOR OF SCIENCE, PSYCHOLOGY

May 2016

UNIVERSITY OF MARYLAND UNIVERSITY COLLEGE, EUROPE

DIVISION

GPA: 3.5

ASSOCIATES DEGREE, GENERAL STUDIES

July 2011

COLUMBIA COLLEGE OF MO

RESEARCH EXPERIENCE

MASTER'S THESIS

01/2019 - Present

THOU SHALT LIE: MANAGING ANTICIPATORY DEFLECTION WITH DECEPTION

University of South Carolina

Assessing the ways in which people manage perceived threat or deflection in new or ongoing interactions. Deception, as one anticipatory deflection strategy, may operate as a means of reconceptualizing deflecting interactions to maintain situational congruency.

RESEARCH ASSISTANT

08/2018 - Present

SOCIAL NETWORK ANALYSIS: THE MECHANISMS BEHIND IDENTIFYING CORE DISCUSSION NETWORKS

Dr. Matthew Brashears

University of South Carolina

Utilizing a modified name generator to include important matters, secret keeping, and deception as different communication patterns. These patterns and their relation to tie type may help improve our ability to identify core discussion networks.

RESEARCH ASSISTANT

09/2017 - Present

EFFECTS OF LEADERSHIP AND GENDER ON STRESS

Drs. Leah Sheppard (Business) & Carrie Cuttler (Psychology)

Washington State University

Engaging participants in a business-style negotiation task and decision-making task. Collecting assessments on emotions and stress throughout the study, as well as obtaining saliva samples to assess cortisol.

VICTORIA MONEY

RESEARCH ASSISTANT

10/2016 – Present

DON'T FORGET TO EXERCISE: THE IMPACT OF EXERCISE ON COGNITION.

Drs. Carrie Cuttler (Psychology) and Christopher Connolly (Kinesiology)

Washington State University

Monitoring participants while they engage in moderate-intensity aerobic exercise, resistance exercise, and yoga. Administering and scoring neuropsychological tests (assessing memory, executive functioning, and creativity). Measuring blood pressure and heart rate.

TEACHING EXPERIENCE

TEACHER ASSISTANT

01/2018 – Present

SOCIOLOGY OF THE PARANORMAL

INTRODUCTION TO SOCIOLOGY

RESEARCH METHODS FOR THE SOCIAL SCIENCES

HUMAN RESOURCE CONSULTANT ASSISTANT - INSTRUCTOR

06/2017 – 09/2017

NEW EMPLOYEE ORIENTATION

Washington State University

Developed a new presentation and handout materials for the New Employee Orientation program and led 18 sessions for new employees across the state of Washington via in person and videoconference.

PROGRAM MANAGER, COORDINATOR, & LEAD INSTRUCTOR

09/2009 – 04/2011

EMERGENCY MEDICAL SYSTEMS

US Navy

Developed and implemented curriculum for 10 Emergency Medical Technician, Prehospital Trauma Life Support, Emergency Vehicle Operator, and refresher courses, qualifying 62 students. Increased National Registry examination first attempt pass rate by 28%, surpassing the national average. Delivered in-class curriculum during didactic and practical application sessions to class sizes as large as 55 students.

SKILLS & PROFICIENCIES

Stata – Statistical Software Proficiency

R – Statistical Software

Creating and managing course materials

Psychoneurological Testing

VICTORIA MONEY

Course Instruction	Assessing blood pressure and heartrates
Facilitating negotiation tasks	Process improvement
Administering neurological tests	Non-invasive cardiac procedures
Working proficiency in Italian	Microsoft Word, Excel, PowerPoint, Access and Outlook
WordPress and OU Campus web development	Experimental Methods

AWARDS

NAVY AND MARINE CORPS ACHIEVEMENT MEDAL (3)	2009, 2011, 2012
GOOD CONDUCT MEDAL (2)	2009, 2012

INTERESTS

- Social network analysis of deviant behaviors and thus identities and how they spread across heterogenous groups, specifically deviant behaviors and identities.
- Effects of various stressors on health and performance on different personality types, specifically those at high risk for hostile behavior.
- The effects of unrealistic expectations through the increased use of social media, and how individuals manage these “ideal” representations of their identities.
