

Undergraduate Student Petition

The petition process is intended to allow students to request faculty approval for modifications to their program of study that deviate from the established BMEN curriculum.

These requests include, but are not limited to, substitution of a major course or elective. These petition requests do not include enrolling in a BMEN course prior to completion of the prerequisites, for which a Prerequisite Waiver Form should be completed instead.

Students should be aware that petitions will be considered on a case-by-case basis. Students are strongly encouraged to complete the petition process prior to enrolling in the course in question.

Relevant course syllabi and the student's transcript from my.sc.edu must be attached.

To be completed by student

Student Name: _____

VIP ID: _____

Student Email Address: _____

Planned Graduation: _____

Petition Date: _____

Course Number and Title: _____

Curriculum Change for: Major Course Technical Elect Technical Lab Elect
 Engineering Elect Biomed Engr Elect
